Once God has demonstrated His **omnipotence** by creating Adam and Eve, He gives his first commandment: 'Do not eat from the tree in the middle of the Garden of Eden'.

Eve, the **first woman**, meets a serpent who encourages her to eat the **forbidden fruit**. She tells the serpent that she cannot eat as it will kill her. The serpent tells her this is not true. She takes a bite of the fruit.

Later, Eve goes to Adam who is the **first man**

Humanity has abandoned God and become wicked. Noah and his family are the only ones who have not.

In anger, the Lord God regrets making humanity and decides to destroy humanity and the earth in a great flood.

Understanding that Noah, his wife and his three sons are good, God commands Noah to build an ark with two of every living creature onboard.

- x It rains for 40 days
- x The ark rises above mountains
- x All living things outside the ark die
- x The flood lasts 150 days
- x The ark lands on Mount Ararat
- x For ten months the waters go down
- x God commands the animals to multiply
